Student Guide to Job Shadows

information and workbook

“ “ Job shadows help you see what you need to know to do different jobs. If you go on a job shadow and you don't like it, then you start to realize that maybe you aren't the type of person for the job. This way you get to see what it's really like before you make up your mind about what you want to do. ” ”

WHAT IS A *job shadow?*

A job shadow is a learning experience that takes place at a business in your community. It usually lasts from 3 to 6 hours.

During a job shadow, you follow a worker (called your “host”) during a typical day and observe and ask questions about his or her work. You also complete written assignments that help you understand, think about and record the things you see, hear and learn.
